👤 PROFILE

Senior .NET Developer with over 10 years in designing and delivering scalable applications like Web, APIs, and background service. Proficient in .NET Core, Blazor and Javascript with expertise in building performant, user-friendly solutions. Skilled in leading teams, mentoring developers, and ensuring seamless integration of systems

🛠️ TRAININGS ATTENDED

- Xamarin Mobile App Development Training Program (2017)
- SQL Server Training Program (2017)
- Outsystems Training Program (2018)
- Blazor Training (2024)
- Docker Training (2024)
- Unit Testing - XUnit & NUnit (2025)

🧠 SKILLS

Backend & Frameworks — C# | .NET Core | .NET 8 & 9 | ASP.NET MVC | ASP.NET Core Web API | ASP.NET Webforms | Blazor | Entity Framework Core | xUnit

Frontend & UI — React | TypeScript | JavaScript | HTML | CSS | Bootstrap

API & Testing Tools — REST API | GraphQL | SOAP | Swagger | Postman | SOAPUI | Mockoon

Software Design — Object-Oriented Programming (OOP) | SOLID Principles | DRY | Design Patterns | Dependency Injection | Inversion of Control (OIC)

Software Architecture — N-Tier Architecture | Clean Architecture | CQRS | Microservices

Security & Authentication — JWT | PGP Keys | ASP.NET Identity | SQL Encryption | Bouncy Castle

Messaging — NATS | Kafka | Azure Queues

Background Work — Hangfire Jobs | Console Applications | Windows Services | SQL Jobs

Data, Storage & Data Access — SQL | PostgreSQL | MongoDB | MySQL | SQLite | Google Cloud Datastore | Azure Blob Storage

Cloud & Serverless — Azure Web App Service | Azure Functions | Cloud Run Functions (Google Cloud) | Railway (.NET apps) | Cloudflare (static web apps) | Cloudflare (static web apps) | GitHub Pages (static web apps) | Supabase (PostgreSQL)

Version Control — Git | GitHub Repositories | Azure DevOps Repositories | TFS Repositories

Deployment — Docker | GitHub Actions | Azure DevOps Pipelines | Jenkins | Fortify

Project Management & Collaboration — Azure DevOps | JIRA

Monitoring & Logging — Azure Application Insights | Google Cloud Logs Explorer | Datadog | Serilog | Log4Net

External Communications — CDyne | Twilio | Mailgun

File Transfer — FTP/SFTP

Reporting — SSRS | ClosedXML

Software Methodologies — Waterfall | Agile/Scrum

AI-Assisted Development — Codex | GitHub Copilot | ChatGPT | Copilot | Agentic AI

Soft Skills — Leadership and Team Mentoring | Problem-Solving and Debugging | Communication and Collaboration | Analytical Thinking - Analyzing business scenarios | Time Management

PROFESSIONAL EXPERIENCE

EssilorLuxottica (via Talentium Inc.)

Senior Analyst Programmer/Contractor

07/2025 – Present | Filinvest City, Alabang Muntinlupa, Philippines

- Maintained Web, SOAP & REST APIs and Console apps
- Maintained middleware DLLs
- Maintained legacy systems
- Collaborated with cross-functional teams to deliver projects within Agile frameworks
- Integration with other application and third-party application
- Conducted demo/presentation of implemented projects to Product Owner
- Conducted Product support
- Conducted code reviews

IDEMIA Philippines Inc.

Senior Software Developer

09/2021 – 07/2025 | Makati, Philippines

- Developed Web, SOAP & REST APIs, Windows services and Console apps
- Developed Blazor Server application with SSO Integration
- Designed and implemented applications from ground-up
- Spearheaded the migration of legacy systems to .NET Core
- Maintained legacy systems
- Collaborated with cross-functional teams to deliver projects within Agile frameworks
- Integration with other application and third-party application
- Conducted demo/presentation of implemented projects to Product Owner
- Conducted Product support
- Conducted code reviews
- Mentored other devs

SMITS Inc. - IT Company of San Miguel Corporation

.Net Developer

09/2018 – 08/2021 | Pasig, Philippines

- Developed Web, SOAP & REST APIs, Windows services and Console apps
- Integration with SAP
- Designed and implemented applications from ground-up
- Maintained legacy systems
- Collaborated with cross-functional teams to deliver projects within Agile frameworks
- Conducted demo/presentation of implemented projects to clients
- Conducted Product support
- Conducted code reviews
- Mentored other devs

Service 101 Plus Consulting Inc.

Enterprise Systems Specialist

03/2016 – 07/2018 | BGC Taguig, Philippines

- Developed Web, REST APIs and Mobile application
- Integration with SAP
- Conducted Product Support
- Conducted demo/presentation of implemented projects to clients

Infoman Inc.

Web Developer (Intern)

06/2015 – 09/2015 | Makati, Philippines

- Web Application Development

**EDUCATION****Information Technology**

Adamson University

06/2012 – 03/2016 | Manila, Philippines
